TO: Members of the State Board of Education
FROM: Nancy S. Grasmick
DATE: September 21, 2010
SUBJECT: Major Budget Realignment Request

PURPOSE:

To review and respond to the major budget realignment request items for the months of July and August 2010.

BACKGROUND/HISTORICAL PERSPECTIVE:

This item is being presented in accordance with Maryland State Department of Education (MSDE) Policy 02.100.02.

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

Budget Amendments (State Board Action Items):

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments shown in the Major Budget Realignment (MBR) Request that require State Board approval:

- Tying in to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.

- Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.
- Tying in to the approved Indirect Cost rates – On occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

Other Budget Adjustments (State Board Information Items):

The following types of adjustments are reflected in the Major Budget Realignment Request and are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency's budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Tying in to grant awards received (Decreases) – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the Agency Budget (i.e., MSDE) to recognize lower than budgeted Grant Awards or Special Fund attainment.

The Major Budget Realignment (MBR) Request has several sections:

- The cover memo indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc).
- The Summary of Current Pending Items (if any) – This summary schedule reflects the amount by budgetary program of each of the approval items.
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc).

- The Summary of Information Items (if any) – This summary schedule reflects the amount by budgetary program of each of the information items.
- The MBR Schedule – This schedule presents a great deal of information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding for Educational Organizations, and Children’s Cabinet Interagency Fund), by budgetary program and by appropriated fund. The columns reflect the following information:
 - The first column reflects the program and fund titles.
 - The second column, “Original Appropriation,” reflects the original appropriation level for the fiscal year.
 - The next two columns, “Approved Adjustments,” reflect adjustments that have already been made to the budget. The “DBM” column reflects adjustments made to the official appropriation level. The “MSDE” column includes those adjustments as well as decreases that would not be reflected in the official appropriation.
 - The following two columns entitled, “Approved Appropriation,” reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
 - The next two columns reflect pending budget amendments:
 - “Prior” shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
 - “Current” shows the items being presented to the State Board in this MBR for the approval period.
 - The final column shows the Information Item adjustments included in the current MBR.

ACTION:

We request permission to process the major budget realignments as identified in items 1 and 2.

To align the following authorized transfers between Programs and Divisions in the amount of \$464,222 (**transfers net to zero**) as listed in items 1 and 2:

ITEMS 1 AND 2

These adjustments request a transfer of Federal Fund Appropriation in the amount of \$294,922 to reallocate required appropriation from the Aid to Education budget in the amount of \$83,406 and within the Headquarters budget in the amount of \$211,516 to cover expenditures in the Juvenile Services Education Program in the Headquarters budget as related to a grant award received under the Title I Program for Neglected and Delinquent Children.

All items reflect the transfer of appropriation between Programs and Divisions to enable MSDE to more accurately reflect the locations of budgeted line items.

SYNOPSIS
CURRENT PENDING ITEMS

ITEMS 1 & 2

These adjustments transfer a net amount of \$270,661 in Federal Fund Appropriation to the Juvenile Services Education Program as well as \$24,261 to the Division of Business Services in the Headquarters budget from the Division of Rehabilitation Services - Client Services in the Headquarters budget in the amount of \$211,516 and from the Educationally Deprived Children program in the Aid to Education budget in the amount of \$83,406. These funds are available from a grant under the Title I Program for Neglected and Delinquent Children. The objective of this program is to assist with providing education continuity for children and youth who reside in State-run facilities for juveniles as well as in adult correctional institutions. Funds granted under this program will support the successful post-release transition of these children and youth to school or employment. These funds will be used to cover costs associated with contractual salaries, instructional supplies, equipment, and related central support services.

The unrelated Federal Fund Appropriation in the Division of Rehabilitation Services - Client Services is being reduced to align funding with the FY11 spending plan. The related Federal Fund Appropriation in the Educationally Deprived Children program is being transferred because it is estimated that 22% of the total grant will be allocated to expenditures in the Headquarters' Juvenile Services Education (JSE) Program in FY 2011. The Department had not anticipated Federal funding in the JSE Program. Therefore, this transfer will reallocate required appropriation from the Aid to Education budget to the Headquarters budget to cover the aforementioned expenditures.

ITEM A

Pursuant to Senate Bill 141, funds are being distributed by the Comptroller from the Local Reserve Account to the Education Trust Fund established under §9-1A-30 of the State Government Article to increase Special Fund Appropriation in the State Share of Foundation Program in the Aid to Education budget in the amount of \$350,000,000 as follows: "On or before June 30, 2010, the Comptroller shall distribute \$350,000,000 from the Local Reserve Account established to comply with this section to the Education Trust Fund established under §9-1A-30 of the State Government Article." The Legislature authorized the transfer of these special funds to offset a corresponding reduction of State General Funds in the State Share of Foundation Program within the Aid to Education budget. This adjustment will enable MSDE to meet obligations related to this mandated program.
