TO: Members of the State Board of Education
FROM: Nancy S. Grasmick *Nancy*
DATE: April 27 - 28, 2009
SUBJECT: Major Budget Realignment Request

PURPOSE:

To review and respond to the major budget realignment request items for the month of March 2009.

BACKGROUND/HISTORICAL PERSPECTIVE:

This item is being presented in accordance with Maryland State Department of Education (MSDE) Policy 02.100.02.

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

Budget Amendments (State Board Action Items):

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments shown in the Major Budget Realignment (MBR) Request that require State Board approval:

- Tying in to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.

- Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.
- Tying in to the approved Indirect Cost rates – On occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

Other Budget Adjustments (State Board Information Items):

The following types of adjustments are reflected in the Major Budget Realignment Request and are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency's budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Tying in to grant awards received (Decreases) – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the Agency Budget (i.e., MSDE) to recognize lower than budgeted Grant Awards or Special Fund attainment.

The Major Budget Realignment (MBR) Request has several sections:

- The cover memo indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc).
- The Summary of Current Pending Items (if any) – This summary schedule reflects the amount by budgetary program of each of the approval items.
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc).

- The Summary of Information Items (if any) – This summary schedule reflects the amount by budgetary program of each of the information items.
- The MBR Schedule – This schedule presents a great deal of information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding for Educational Organizations, and Children's Cabinet Interagency Fund), by budgetary program and by appropriated fund. The columns reflect the following information:
 - The first column reflects the program and fund titles.
 - The second column, "Original Appropriation," reflects the original appropriation level for the fiscal year.
 - The next two columns, "Approved Adjustments," reflect adjustments that have already been made to the budget. The "DBM" column reflects adjustments made to the official appropriation level. The "MSDE" column includes those adjustments as well as decreases that would not be reflected in the official appropriation.
 - The following two columns entitled, "Approved Appropriation," reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
 - The next two columns reflect pending budget amendments:
 - "Prior" shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
 - "Current" shows the items being presented to the State Board in this MBR for the approval period.
 - The final column shows the Information Item adjustments included in the current MBR.

SYNOPSIS
CURRENT PENDING ITEMS

ITEM 1

To increase the current appropriation in the Aid to Education budget in the amount of \$123,333 to match final revenue projections of the Local Cost of Education (LCE) per student for the ten Local Education Agencies (LEAs) that have students registered at the new State Residential Public Boarding School (SEED-MD).

The State Residential Public Boarding School operates on private fund-raising efforts, State funding, and the Special Funds received from LEAs. LEAs are required to reimburse the state for 85% of the LCE for each student domiciled within their localities attending SEED-MD.

When the FY 2009 budget was established MSDE used the average State LCE cost available at the time to arrive at the estimated cost. Actual costs per LEA were then calculated based on enrollment figures as of 9/30/2008. The updated figure exceeds the budget by \$123,333. LEAs have since been invoiced for the full amount and as a result the FY 2009 cost needs to be updated.

ITEM 2

To increase Federal Fund Appropriation in the Division of Business Services in the amount of \$802,728 and in Major Information Technology Development Projects in the amount of \$671,956 in the Headquarters budget. These funds are available from a new grant award under the State Administrative Expenses for Child Nutrition program. The objective of this program is to provide each State agency with funds for its administrative expenses in supervising and giving technical assistance to local schools, school districts and institutions in their conduct of Child Nutrition Programs. State agencies that administer the distribution of USDA donated commodities to schools or child or adult care institutions are also provided with State Administrative Expense (SAE) funds. The additional appropriation is required prior to June 30, 2009 and will be used to cover costs associated with contracts, programming services related to the Maryland Accountability Reporting System, the purchase of supplies, and related administrative costs in Fiscal Year 2009.

ITEM 3

To increase Federal Fund Appropriation in the Division of Business Services in the Headquarters budget in the amount of \$146,136. These funds are available from a new grant award under the Child and Adult Care Food Program. The objective of this program is to assist States, through grants-in-aid and other means, to initiate and maintain nonprofit food service programs for children, elderly or impaired adults in nonresidential day care facilities, and children in emergency shelters. The additional appropriation is required prior to June 30, 2009 and will be used for the cost of programming services related to the Maryland Accountability Reporting System, supplies, and related administrative costs in Fiscal Year 2009. These funds are available through September 30, 2009.

ITEM 7 (See Item 4)

ITEM 8

To increase Federal Fund Appropriation in the Headquarters budget in the amount of \$37,064 in the Division of Career Technology and Adult Learning and in the amount of \$3,596 in the Division of Business Services as well as in the Aid to Education budget in the amount of \$284,616 in the Career Technology and Adult Learning program. These unobligated carryover funds are available under the Adult Education and Family Literacy Act through September 30, 2009 and will be used to finance English literacy and civics education programs as well as related central support services.

The program is intended to help students: (1) meet State and local student standards in core academic subjects such as reading and math; (2) offers students a broad array of enrichment activities that should complement their regular academic programs; and (3) offers literacy and other educational services to the families of participating children. These funds will be distributed to sub-grantees prior to June 30, 2009 according to the requirements prescribed in the grant.

ITEM 10

To increase Federal Fund Appropriation in the Headquarters budget in the Division of Certification and Accreditation in the amount of \$208,863. The Division of Certification and

Accreditation licenses teachers, specialists and administrators, approves teacher education programs offered by colleges and universities in Maryland, coordinates certification assessments of teacher and principal candidates, and approves the educational programs of nonpublic schools. These unobligated carryover funds are available from a grant under the Troops to Teachers program and will be distributed to the National Association of State Directors of Education and Certification in support of the study of licensure mobility of teachers prepared through alternative pathways in all 50 states.

ITEM 11

To increase Federal Fund Appropriation in the Division of Business Services in the amount of \$48,118 and in the Division of Correctional Education in the amount of \$516,166 in the Headquarters budget. These unobligated carryover funds are available from a grant under the Title I Program for Neglected and Delinquent Children. The objective of this program is to help provide education continuity for children and youth in State-run institutions for juveniles and in adult correctional institutions so that these youth can make successful transitions to school or employment once they are released from State institutions. These funds will be used to support MSDE's adult correctional education program through educational training and related personnel costs, supplies, and central support services, and are available through September 30, 2009.

ITEM A
