

**TO:** Members of the State Board of Education  
**FROM:** Lillian M. Lowery, Ed.D. *lmlowery*  
**DATE:** April 23, 2013  
**SUBJECT:** Major Budget Realignment Request

---

**PURPOSE:**

To review and respond to the major budget realignment request items for the reporting month of March 2013.

**BACKGROUND/HISTORICAL PERSPECTIVE:**

This item is being presented in accordance with Maryland State Department of Education (MSDE) Policy 02.100.02.

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

**Budget Amendments (State Board Action Items):**

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments shown in the Major Budget Realignment (MBR) Request that require State Board approval:

- Tying in to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.
- Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.

- Tying in to the approved Indirect Cost rates – On occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

**Other Budget Adjustments (State Board Information Items):**

The following types of adjustments are reflected in the Major Budget Realignment Request and are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency's budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Tying in to grant awards received (Decreases) – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the Agency Budget (i.e., MSDE) to recognize lower than budgeted Grant Awards or Special Fund attainment.

The Major Budget Realignment (MBR) Request has several sections:

- The cover memo indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc).
- The Summary of Current Pending Items (if any) – This summary schedule reflects the amount by budgetary program of each of the approval items.
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc).
- The Summary of Information Items (if any) – This summary schedule reflects the amount by budgetary program of each of the information items.
- The MBR Schedule – This schedule presents a great deal of information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding

for Educational Organizations, and Children's Cabinet Interagency Fund), by budgetary program and by appropriated fund. The columns reflect the following information:

- The first column reflects the program and fund titles.
- The second column, "Original Appropriation," reflects the original appropriation level for the fiscal year.
- The next two columns, "Approved Adjustments," reflect adjustments that have already been made to the budget. The "DBM" column reflects adjustments made to the official appropriation level. The "MSDE" column includes those adjustments as well as decreases that would not be reflected in the official appropriation.
- The following two columns entitled, "Approved Appropriation," reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
- The next two columns reflect pending budget amendments:
  - "Prior" shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
  - "Current" shows the items being presented to the State Board in this MBR for the approval period.
- The final column shows the Information Item adjustments included in the current MBR.

**ACTION:**

We request permission to process major budget realignments in the **aggregate amount of \$3,304,025** as identified in Items 1 through 8 as follows:

To align the following authorized transfers between Programs and Divisions in the amount of **\$3,304,025 (transfers net to zero)** as listed in Items 1 through 8:

We request permission to process authorized transfers between budgetary units, Divisions, and Programs to: (1) more appropriately align funding in accordance with MSDE's goals and objectives; (2) recognize carryover balances available from prior fiscal years; and (3) recognize new grant awards. Please refer to the *Synopsis of Current Pending Items* on pages 3-5 for the detailed narrative concerning these items.

***SYNOPSIS***  
***CURRENT PENDING ITEM***  
***For the Reporting Month of March 2013***

**ITEM 1**

To transfer \$1,210,475 in General Fund Appropriation, \$119,514 in Special Fund Appropriation, \$1,211,927 in Federal Fund Appropriation, and \$3,348 in Reimbursable Fund Appropriation within Divisions in the Headquarters budget to adjust for the FY 2013 approved indirect cost rates as follows: Disability Determination Services Funds, 11.4%; Unrestricted Funds, 10.9%; and Restricted Funds, 10.0% . These rates are lower than the estimates included in the original FY 2013 appropriation. The materiality of the difference requires the Department to amend the budget, accordingly, as a normal reconciliation of the Indirect Cost Plan.

**ITEM 2**

To transfer General Fund Appropriation in the Headquarters budget in the amount of \$175,000 to the Division of Rehabilitation Services (DORS) - Office of Blindness and Vision Services from the Division of Rehabilitation Services - Client Services in the Headquarters budget. A projection of spending reveals client services costs requiring this internal transfer. Case services' expenses occur in DORS - Blindness & Vision Services; however, available appropriation currently resides in DORS - Client Services. These funds will be used to cover the cost of medical services support. This transferred appropriation allows the agency to meet expected obligations for this program.

**ITEM 3**

To transfer Special Fund Appropriation in the Headquarters budget in the amount of \$47,500 to the Office of the State Superintendent from the Division of Instruction. These are Special Funds received from Northrop Grumman to host the Maryland Summer Center for Physics of Solar and Wind Power and the Maryland Summer Center for Environmental Restoration of the Baltimore Harbor. The Maryland Summer Centers Program, in partnership with public and nonpublic agencies, provides Maryland's diverse gifted and talented student population with advanced, rigorous, experiential learning opportunities that nurture these students' talents and abilities within unique learning environments. The unrelated appropriation in the Division of Instruction is being reduced to tie into the spending plan for FY 2013.

**ITEM 4**

To transfer Federal Fund Appropriation in the amount of \$48,010 to the Correctional Educational Program from the Division of Career and College Readiness in the Headquarters budget. The U. S. Department of Education (USDE) awarded the Career And Technical Education - Basic Grants to States grant to MSDE to more fully develop the academic, career, and technical skills of secondary and postsecondary students who elect to enroll in career and technical education programs. These funds will be used to cover the costs related to educational training. No objective in the Division of Career and College Readiness will be foregone as the result of this transfer of appropriation.

**ITEM 5**

To transfer Federal Fund Appropriation in the amount of \$96,643 to the Language Assistance program from the Innovative Programs in the Aid to Education budget. USDE awarded funds to MSDE under the English Language Acquisition State Grant. These funds will be used to help ensure that Limited English Proficient (LEP) children, including immigrant children and youth, attain English proficiency and meet the same challenging State academic content and student academic achievement standards as all children are expected to meet. These funds will be sub granted to eligible recipients in the current fiscal year. As a result of the transfer of the appropriation from the Innovative Programs, no objectives will be foregone.

**ITEM 6**

To transfer Federal Fund Appropriation in the aggregate amount of \$29,875 to the Science and Mathematics Education Initiative program from the Innovative Programs in the Aid to Education budget. USDE awarded funds to MSDE under the Title IIB Mathematics & Science Partnerships Grant. These funds will be used to improve the academic achievement of students in mathematics and science by encouraging States, institutions of higher education (IHEs), local educational agencies (LEAs), and elementary and secondary schools to participate in programs that: (1) improve and upgrade the status and stature of mathematics and science teaching by encouraging IHEs to improve mathematics and science teacher education and focus on the education of mathematics and science teachers as a career-long process; (2) bring mathematics and science teachers together with scientists, mathematicians, and engineers to improve those teachers' teaching skills; (3) develop more rigorous mathematics and science curricula that are aligned with challenging state and local academic achievement standards and with the standards expected for postsecondary study in engineering, mathematics, and science and improve and expand training of mathematics and science teachers, including by training such teachers in the effective integration of technology into curricula and instruction. The unrelated appropriation in Innovative Programs is being reduced to reflect the fact that no grant was received for the fiscal year 2013 for the Gaining Early Awareness and Readiness for Undergraduate Programs.

**ITEM 7**

To transfer Federal Fund Appropriation in the aggregate amount of \$325,991 to the Teacher Development Program in the Aid to Education budget from Innovative Programs in the Aid to Education budget. USDE awarded funds to MSDE under the Title IIA Improving Teacher Quality State Grants. These funds will be used to increase student academic achievement through strategies such as: (1) improving the quality of teachers and principals; (2) assisting schools to effectively recruit and retain highly qualified teachers and principals; and (3) making available professional development activities that address subject-matter knowledge. The unrelated appropriation in Innovative Programs is being reduced to reflect the fact that no grant was received for the fiscal year 2013 for the Gaining Early Awareness and Readiness for Undergraduate Programs.

**ITEM 8**

To transfer Federal Fund Appropriation in the amount of \$38,368 to the Division of Rehabilitation Services - Headquarters from the DORS - Client Services in the Headquarters budget. These funds are available from a Supplemental Security Income Grant. The Social Security Administration (SSA) awarded this grant to MSDE to ensure a minimum level of income to persons who have attained age 65 or are blind or disabled, and whose income and resources are below specified levels. The funds will be disbursed to non-governmental entities as prescribed on the grant award.
