FROM: Lillian M. Lowery, Ed.D. *Lillian M. Lowery*
DATE: July 22, 2014
SUBJECT: Major Budget Realignment Request

PURPOSE:

To review and respond to the major budget realignment request items for the reporting month of June 2014.

BACKGROUND/HISTORICAL PERSPECTIVE:

This item is being presented in accordance with Maryland State Department of Education (MSDE) Policy 02.100.02.

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting the current fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

Budget Amendments (State Board Action Items):

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments shown in the Major Budget Realignment (MBR) Request that require State Board approval:

- Tying in to grant awards received (Increases) – Special Fund and Federal Fund amounts included within the original appropriation are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal fund carryover results from the federal fiscal year overlap of three months as compared to the State fiscal year, and from the Tydings Amendment, which allows some federal formula grants to be spent for an additional 12 months. These adjustments are required to make maximum use of the grants.
- Transfers between budgetary programs – The allocation of the funds between the budgetary units and between programs within the budgets are based upon original estimates available

when the budget is prepared. During the fiscal year it may become necessary to adjust this allocation.

- Tying in to the approved Indirect Cost rates – On occasion, the actual indirect cost rates received may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

Other Budget Adjustments (State Board Information Items):

The following types of adjustments are reflected in the Major Budget Realignment Request and are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency's budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified condition(s) have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Tying in to grant awards received (Decreases) – The opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the Agency Budget (i.e., MSDE) to recognize lower than budgeted Grant Awards or Special Fund attainment.

The Major Budget Realignment (MBR) Request has several sections:

- The cover memo indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc.).
- The Summary of Current Pending Items (if any) – This summary schedule reflects the amount by budgetary program of each of the approval items.
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc.).

- The Summary of Information Items (if any) – This summary schedule reflects the amount by budgetary program of each of the information items.
- The MBR Schedule – This schedule presents a great deal of information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding for Educational Organizations, Children's Cabinet Interagency Fund and the Maryland Longitudinal Data System Center), by budgetary program and by appropriated fund. The columns reflect the following information:
 - The first column reflects the program and fund titles.
 - The second column, "Original Appropriation," reflects the original appropriation level for the fiscal year.
 - The next two columns, "Approved Adjustments," reflect adjustments that have already been made to the budget. The "DBM" column reflects adjustments made to the official appropriation level. The "MSDE" column includes those adjustments as well as decreases that would not be reflected in the official appropriation.
 - The following two columns entitled, "Approved Appropriation," reflect the sum of the original appropriation and the approved adjustments for DBM and MSDE, respectively.
 - The next two columns reflect pending budget amendments:
 - "Prior" shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
 - "Current" shows the items being presented to the State Board in this MBR for the approval period.
 - The final column shows the Information Item adjustments included in the current MBR.

ACTION:

We request permission to process major budget realignments to align authorized transfers between Programs and Divisions in the aggregate amount of \$1,706,532 (transfers net to zero) as listed in Items 1 through 4.

The detailed narratives related to these transfers begin on page 3, *Synopsis of Current Pending Items*.

Pursuant to HB 170, this adjustment reallocates the General Fund cost containment reduction for contractual services, grants, and postage assessed against the Division of Accountability, Assessment, and Data Systems in the amount of \$151,204 to the following Divisions/Programs within the Headquarters budget as directed by the Department of Budget and Management:

■ A0101- Office of the State Superintendent	(13,920)
■ A0102- Division of Business Services	(2,595)
■ A0103- Division of Academic Policy and Innovation	(1,265)
■ A0107- Office of School and Community Nutrition Programs	(20,000)
■ A0110 -Division of Early Childhood Development	(6,327)
■ A0111- Division of Curriculum, Assessment, and Accountability	(4,429)
■ A0112- Division of Student, Family and School Support	(89,049)
■ A0113- Division of Special Education/ Early Intervention Services	(3,496)
■ A0114- Division of Career and College Readiness	(1,265)
■ A0115- Juvenile Services Education Program	(3,796)
■ A0117- Division of Library Development Services	(2,531)
■ A0118- Division of Educator Effectiveness	(2,531)

To offset the reduction in the aforementioned Divisions/Programs, the General Fund Appropriation in the Division of Accountability, Assessment, and Data Systems will be increased in the amount of \$151,204.

ITEM 2

This year-end adjustment transfers General Fund Appropriation within the Maryland State Department of Education's Headquarters budget in the amount of \$1,473,000 to offset the Agency's inability to meet turnover in various Divisions/Programs as well as to cover the costs of accrued leave payments, vehicle maintenance and repair, contractual services, supplies, and office equipment.

ITEM 3

This adjustment transfers Special Fund Appropriation in the amount of \$36,828 within the Headquarters budget from the Division of Curriculum, Assessment, and Accountability to the Office of the State Superintendent to recognize a newly granted award from the Jack Kent Cooke Foundation. The revenue attained will be used to support the Maryland Summer Centers for Gifted and Talented Students' Summer Enrichment Program in FY 2014. The Project Connect program will serve high-achieving and low-income students. The unrelated appropriation that is being reduced in the Division of Curriculum, Assessment, and Accountability was associated with the Maryland Virtual Learning Opportunities Program and will not be utilized for that purpose in FY 2014.

ITEM 4

This adjustment transfers Special Fund Appropriation within the Headquarters budget in the amount of \$21,552 to the Division of Educator Effectiveness and in the amount of \$3,448 to the Division of Accountability, Assessment, and Data Systems for a total of \$25,000 from the Division of Special Education/ Early Intervention Services. These special funds are available as revenue attained by MSDE via certification processing fees and will be used to cover costs associated with system software maintenance as well as central support. The FY 2014 anticipated revenue was underestimated by \$25,000.
